## VIII. Recycling

### IFC Action

The Joint Finance Committee implemented the following provisions:

- Provided \$20 million SEG FY 99-00 and \$15 SEG million FY 00-01 in county and municipal recycling grants.
- Directed DNR to use the appropriation to provide the following grants to the Wheelchair Recycling Project, a part of the Madison chapter of the National Spinal Cord Injury Association, for the purpose of refurbishing used wheelchairs and other mobility devices and returning them to use by persons who otherwise would not have access to needed or appropriate equipment: (a) on September 1, 1999, \$75,000; and (b) on July 1, 2000, \$50,000. The grants would not be subject to standard application procedures or grant funding limitations. In 1997 Act 237, DNR was directed to provide a grant of \$100,000 in 1998-99 to the Wheelchair Recycling Project.
- Deleted \$500,000 in 2000-01 from the recycling fund to reduce base funding for the waste reduction and recycling demonstration grant program from \$1,000,000 in 1999-00 to \$500,000 in 2000-01. The program provides cost-share grants to municipalities, public entities, businesses and nonprofit organizations for projects that implement innovative waste reduction and recycling activities. A grant may not exceed 50% of the project's actual costs, or 75% of the actual eligible costs of a community-wide waste reduction project, or \$150,000, whichever is less. DNR may not award grants to any applicant which cumulatively total more than \$250,000;

### Motion

- Provide \$22 million in FY 99-00 and \$20 million FY 00-01 in county and municipal recycling grants;
- Implement "hold harmless" provision, to ensure local municipalities would receive grants in calendar years 2000 and 20001 at the same percentages as they did in FY 99;
- Restore the Governor's provisions relating to the Recycling Market Development Board. Create the Waste Reduction and Recycling Assistance for Businesses grant program (earmark \$50,000 PR annually from Recycling Market Development Board program allocations.) (this provision deletes \$2,666,100 SEG annually). Draft language as follows:

↑ ?  
Provide \$50,000 PR annually in grant money to an existing, private, non-profit 501 (c)(3) industry-supported organization whose mission is to provide waste reduction and recycling assistance through business-to-business peer exchange. The nonprofit organization must be dedicated to assisting and encouraging companies and institutions to effectively drive costs out of their operations through improved production and solid waste management practices.

- Repeal ALL statewide mandates on materials banned from landfills, thus removing all statewide effective program requirements for local governments. DNR must develop a model ordinance for responsible units of government through administrative rule.
- Eliminate recycling demonstration grants entirely (deletes \$1 million SEG FY 99-00 and \$500,000 SEG FY 00-01, and lapses unencumbered balance to recycling fund (an estimated \$1 million SEG);
- Create an appropriation directing DNR to provide grant funding to the Wheelchair Recycling Project, Madison chapter, a private, nonprofit organization that is part of the National Spinal Cord Injury Association, to achieve the following purposes:  
(1) Refurbishing used wheelchairs and other mobility devices and returning them to use by persons who otherwise would not have access to needed or appropriate equipment: (a) on

September 1, 1999, \$75,000; and (b) on July 1, 2000, \$50,000. The grants would not be subject to standard application procedures or grant funding limitations. In 1997 Act 237, DNR was directed to provide a grant of \$100,000 in 1998-99 to the Wheelchair Recycling Project. (adds \$125,000 SEG over the biennium);

(2) Opening a Milwaukee facility for refurbishing used wheelchairs and other mobility devices and returning them for use by persons whom otherwise would not have access to needed or appropriate equipment. The grants would be as follows: \$100,000 on June 30, 2000, contingent on the project raising \$100,000 by June 15, 2000; and \$100,000 on June 30, 2001, contingent on the project raising \$100,000 by June 15, 2001. This ensures a 50 percent match with private funds. The grants would not be subject to standard application procedures or grant funding limitations. (adds \$200,000 SEG over the biennium);

- Spend down entire recycling fund balance of \$43.3 million by \$22.0 million FY 99-00 and \$20.0 million FY 00-01 to reduce overall state expenditures. Money will be expended in the municipal and county recycling grant program;
- Fund the Computer Recycling program within the DOC. Add \$500,000 SEG annually.

#### ***Fiscal Impact***

According to LFB, this motion leaves approximately \$200,000 in the recycling fund at the end of the biennium. (JFC action left a \$1.1 million balance.)

(This motion also earmarks \$50,000 PR annually from Recycling Market Development Board program allocations for Waste Reduction and Recycling Assistance for Businesses grant program.)

development and operation of a facility to process materials recovered from a solid waste management program and for the expansion, improvement or development of a diaper service. Repayments of those loans are deposited in the recycling fund. The bill provides that, instead of in the recycling fund, the repayments of those loans are to be deposited in the appropriation account into which are deposited repayments of loans made by recipients of financial assistance awarded by the board.

In addition, the bill eliminates the recycling fund as a funding source for the board's contracts and financial assistance. Beginning on July 1, 1999, or on the day after publication of the 1999-2001 biennial budget act, whichever is later, until the board is eliminated on June 30, 2001, funding for the financial assistance that the board awards and for the board's contracts comes solely from the appropriation account into which are deposited repayments of loans made by recipients of financial assistance awarded by the board and repayments of the postconsumer waste-related loans made by the department of commerce before July 1, 1995, which formerly were deposited in the recycling fund.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
